

WAR IS DECLARED BY AUSTRIA

ALL EUROPE AFLAME, ARMIES AND FLEETS MOBILIZING

Wheat Jumps Nine Cents Bushel On Receipt of English War News

(By Associated Press.)
CHICAGO, July 28.—News of the mobilization of the British battle-squadron came just before the gong clearing the pit and the market closed wildly excited with September wheat at 92½, a jump of nine cents a bushel compared with the day before. Tumultuous scenes not equaled in recent years characterized the war trading in wheat. Wild fluctuations followed the declaration of war.
NEW YORK, July 28.—A total of \$10,600,000 in gold was shipped today, the largest ever sent from America to Europe. War is believed to be partly responsible for the unusual demand. More is to follow.
MONTREAL, July 28.—The stock exchange closed today because of panicky conditions. Trading also was suspended on the Toronto exchange. Whether they resume tomorrow depends on conditions and war progress.

BASEBALL REVIEW OF THE WEEK SHOWS LEADERS INCREASE GAINS

(By Associated Press.)
NEW YORK, July 28.—The two world's series contenders of last year struck their strides in the week just closed, each playing for the first time this season at a real pennant-like clip.
The New York Nationals breezed through the week with a clean record of five games won and none lost. The Philadelphia Athletics went their old-time rivals one better, scoring six victories, meeting no reverses and running their first sustained winning streak of the year up to ten straight.
The brilliant work of the Athletics and setbacks for four of the teams that were pressing them closely less than a fortnight ago has resulted in a lead for the Mack men that the trailing clubs will find it difficult to overcome. In the National league, however, the situation is materially different.
Playing just about as consistent ball in the palmiest days of their notable past, the Chicago Cubs have succeeded in keeping the National league race at a pitch of tense interest. In the past two weeks they have matched the Giants victory for victory, and even gone a trifle beyond this. The fortnight's record shows O'Day's men to have won ten games and lost two, as against nine victories and three defeats for the New Yorks. The result of the sticktoitiveness of the Cubs is that a bare two and one-half games separate them from the leading champions.
Boston's spurt, which carried the team from the cellar position up to fourth place within less than a week, has been a notable feature of the league race.
Pennant aspirations of several clubs were further blighted in American league play during the week. Detroit came to New York and was conquered. Washington trimmed by Cleveland in three out of four games in the series completed early in the week, only broke even on the week's play, but pushed Chicago further down by beating Callahan's team two in three games. St. Louis, which broke even in New York by winning a doubleheader on Monday, was set back as far as it had been advanced by losing both ends of a double bill to Boston.

DOLLARS A POUND FOR STEPHANITE FROM MIDWAY

RICH STRINGER THAT ASSAYS
OVER THOUSAND DOLLARS
A TON.
The Midway is taking out some of the best ore seen in that property which has the record for producing the highest grade found in Tonopah. The ore is from a six-inch stringer in the north crosscut on the 1200 level of the new workings, where they are drifting east and west on a ledge of broken quartz with the hope of eventually making into a pay body. The stringer is pure stephanite or sulphide of silver, almost the purest that runs away up into the pictures, worth dollars a pound. Yesterday six sacks of the precious stuff was taken out. The formation is most favorable for the opening of a big ore shoot and the general wish is that the Midway will be rewarded for the persistent work of the past five years, during which the company has been fighting steadily against lean streaks and altering formations which kept hope constantly fluctuating between the two extremes of the pendulum.

CUSTOMS COLLECTOR UTAH AND NEVADA

(By Associated Press.)
WASHINGTON, July 28.—Thomas Thomas, of Salt Lake, has been nominated for customs collector for Utah and Nevada.

Cloudburst at Telluride, Colo.

(By Associated Press.)
TELLURIDE, Colo., July 28.—Citizens are clearing the wreckage from the cloudburst of yesterday and search for the bodies has begun. The known dead are two women. Storm damage \$300,000. Many business houses were demolished.

TODAY AND A YEAR AGO. Official readings of the thermometer by the United States observer at Tonopah:

	1914	1913
5 a. m.	61	64
9 a. m.	71	65
12 noon	78	69
2 p. m.	83	64

GAS EXPLODES IN TANK INJURING TWO REPAIR MEN

TWO MEN SERIOUSLY INJURED
AND BUILDING BADLY
DAMAGED.

By the explosion of gas confined in what was thought to be an empty distillate tank, Geo. Becker and William McKnight were painfully injured about the face this morning in the Becker plumbing shop. The force of the explosion was so great that it blew out the windows in the front of the shop and the head of the iron tank was shot toward the ceiling, breaking the rafters, according to the Ely Examiner.
George Becker was soldering a break in an iron gasoline drum which had been brought for repair. The drums are used to carry distillate to the Cleveland ranch and the theory of the explosion is that a small quantity of the explosive liquid remained still in the drum and afterwards generated into gas by the tank being exposed to the sun in the wagon.
George Becker used a gasoline torch to heat the soldering iron and was applying the solder when with a terrific roar the tank exploded, blowing out the half-inch rivets and sending the iron head crashing toward the roof of the building. Becker was cut about the right ear and his face was filled with little particles of rust, evidently driven from the interior of the tank.
Wm. McKnight was standing about four feet from the tank when it exploded and the discharging gas carrying fine pieces of rust caught him full in the face, peppering the face with sharp particles. Fortunately he was wearing glasses or he would have lost his eyesight.

THIRTY TONS FROM HASBROUCK MINE

GEORGE KERNICK COMPLETES
ANOTHER SHIPMENT TO THE
MACNAMARA.

The MacNamara mill has completed running 50 tons of ore from the Hasbrouck property operated by George Kernick at Gold Mountain, six miles south of Tonopah. This is the third shipment from the group which is under development, the ore being taken out in process of putting the mine into shape for a regular production. Some time ago it was proposed to build a wagon road from the mine to the railroad tracks in the valley north of Kiondike, but now it is believed the company can do equally well, if not better, by hauling with auto trucks to the MacNamara mill. The ore runs about \$18 a ton, but this is not considered the value of the shipping ore from the mine when brought to a producing stage.

PISTOL SHOT DISCLOSES VEIN OF RICH ORE

SAN BERNARDINO, July 28.—W. E. Noble, a desert teamster, took a shot at a rattlesnake in Calico canyon, Nev., a few days ago. The bullet broke off a piece of rock that resulted in Noble's discovery of gold and silver ore that runs \$150 gold and 900 ounces of silver to the ton.

THE TEMPERATURE.

Highest temperature yesterday, 83; a year ago, 74.
Lowest temperature last night, 58; a year ago, 53.

GERMANY REFUSES TO JOIN CONFERENCE AUSTRIA SEIZES FOUR SERVIAN SHIPS ENGLAND CALLS FLEET TO HOME WATERS

(By Associated Press.)
VIENNA, July 28, 6 P. M.—OFFICIAL NOTIFICATION OF THE DECLARATION OF WAR WAS SENT SERVIA BY THE AUSTRO-HUNGARIAN GOVERNMENT.

LONDON, July 28.—Announcement of the declaration of war by Austria on Serbia came after Germany and Austria had notified Sir Edward Grey, the British foreign minister, of their refusal to join the mediation conference. It is assumed here that the efforts of European nations now will be directed toward localizing hostilities.
It is reported that Russia has been given assurances that Austria has no intention of annexing Serbian territory and it is believed this will help localize the war. Preparations for war proceeded, however, on all sides. Even England's battle squadrons have been mobilized and the publication of the movements of warships has ceased.
Sir Edward took the initiative in requesting the European powers to permit their ambassadors in London to confer with a view to a peaceful solution of the controversy. Italy and France consented to join with Great Britain, and Germany and Austria refused.
Germany is supporting her ally in the contention that it would be undignified for a great power like Austria to appear before a

tribunal of European powers in the same status as a little Balkan nation.
In the interval Austria proceeded with the mobilization of her great army. The entire railroad system is utilized for the movement of troop trains, the telegraph system is virtually monopolized by government business and strict censorship imposed.
Serbia also mobilized its forces by withdrawing the garrison from Belgrade, the chief city of Serbia, as the position is too vulnerable to be held.
Every war office in Europe, and even the smaller countries of Holland, Belgium and Switzerland, are taking precautionary measures.
Then came the war declaration, which was sent the Serbian government, with temporary headquarters at Kraguyevatz. It is expected that Russia will enter in support of the little Slavic kingdom as soon as actual fighting begins.
VIENNA, July 28.—The declaration of war was gazetted as follows: Serbia not having replied in a satisfactory manner to the note sent by Austria, this government finds itself compelled to proceed to safeguard its rights and interests and have recourse for this purpose to force of arms. The Austria-Hungarian government considers itself therefore in a state of war with Serbia. This was signed by the minister of foreign affairs.

I. W. W. LEADER ON TRIAL FOR ASSAULT TO KILL

COURT REFUSES TO TOLERATE
NOISE OR LAUGHTER FROM
AUDIENCE.

The trial of John Pansner, the I. W. W. organizer, charged with the attempt to kill Thomas White, in front of the Miners' Exchange building on the evening of July 11, was begun before Judge Averill, in the district court this morning. Only twenty-five spectators were in attendance.
The names of the veniremen were called and forty answered to their names. The following jurors were called to the box: A. J. Kelts, Michael Hurley, Louis Cerghino, B. H. Strother, C. F. Mealman, R. Petroni, William Barret, Joseph Babor, Henry James, Roger Dougherty, Eugene Marty and Martin Kelly.
A. J. Kelts admitted that he had fixed views and thereby could not give a fair and impartial verdict. Louis Cerghino was excused because he was on the prisoner's bond, formed an opinion and heard the trial in the justice court. B. H. Strother was examined by District Attorney Sanders and on being asked whether he could give a fair and impartial trial after hearing the evidence he replied in the negative. Sanders also asked if he had an opinion formed; he said he had. He was let out. R. Petroni, after saying that he had formed an opinion and had discussed the case and could not give a fair and impartial verdict, was released by Attorney Sanders. Roger Dougherty, Eugene Marty and Martin Kelly still remained in the box at the noon adjournment.

REPUBLICAN MASS MEETING TO MAKE A FINAL CHOICE

A meeting of Republicans will be held this evening at 8 o'clock at the office of Grant Crumley for the purpose of determining definitely what is to be done about filing nominations. The last day for filing nominations is Friday, the 31st, and unless candidates signify their intention on or before that date they cannot secure recognition except by petition. The meeting is in pursuance of the adjournment last Thursday night.
The Republican ticket remains an open proposition, owing to the continuance of negotiations, and tonight is regarded as the last time for meeting and deciding on nominees for the lineup for the county election. All Republicans are urged by Letson Ballet, county chairman, to be present.

COL. D. C. COLLIER ASKS FOR DIVORCE SCORE OF CRUELTY

ACTION FOLLOWS WIFE'S SUIT
TO SECURE SEPARATE
MAINTENANCE.

SAN DIEGO, July 28.—Charging his wife with extreme mental cruelty, Colonel D. C. Collier, formerly president of the Panama-California exposition, has begun an action for divorce from his wife, Mrs. Ella Copley Collier, sister of Congressman Ira C. Copley, of Illinois, following the filing of a suit for separate maintenance by her against him.
Owing to the prominence of Colonel Collier, who has been a moving spirit in San Diego affairs for years, and of Mrs. Collier, a member of a prominent family, the two actions, unexpected by their friends, have caused a flutter in business and social circles.
Mr. Collier asks the court for \$125 a week, and alleges that Collier deserted her August 10, 1913, for no reason known to her.
In his complaint Collier charges his wife with having an ungovernable temper.
At many times in fits of temper, the complaint alleges, she has threatened suicide, and one night he found her lying by his side with a cloth saturated in chloroform over her face.
She is also charged with poisoning the mind of their eldest son against him and of accusing him falsely of spending her money and of infidelity.
For quick results try the want ad columns of the Bonanza.

FAINTED IN COURT WHEN SCORED BY THE PROSECUTION

WIFE OF FRENCH PREMIER CAN
NOT ENDURE CUTTING
ANALYSIS.

(By Associated Press.)
PARIS, July 28.—Madame Caillaux, wife of the ex-premier of France, on trial for the murder of Editor Calmette, fainted in court while Maitre Chenu, representing the Calmette family, delivered a cutting analysis of her actions on the day of the tragedy.
At midnight Madame Caillaux was acquitted.

REDUCED RATES FOR MONEY ORDERS AT POSTOFFICE

Postmaster Stewart received today a notice of the reduction of international money orders of nearly fifty per cent, devised in such way as to relieve the small remitters of the burden of the cost which had been charged against them. The change is for the purpose of adjusting the inequality for the benefit of those who send regular remittances to dependent relatives in the old country. The rate is based on ten cents for ten dollars or less.

CALIFORNIA OFFICIAL FINED FOR SPEEDING

(By Associated Press.)
STOCKTON, July 28.—State Railroad Commissioner Loveland in an automobile was arrested in San Joaquin valley for speeding. An officer said he was going forty miles an hour. He paid \$25 fine.

BIG LOT BULLION FOR ONE WEEK'S RUN OF THE EXTENSION

KIRCHEN PROPERTY SETTING
THE PACE FOR INCREASED
PRODUCTION.

The Tonopah Extension sent out this morning 18 bars of bullion weighing 34,637 ounces, or the equal of \$26,670, as the result of one week's cleanup of the mill. This is another record run for the company, which has been steadily raising the heads at the mill owing to the high values coming from the Murray ledge.
Last week the company shipped what was supposed to be a phenomenal output, which represented a gross value of \$48,900 as the result of a thirteen-day run, deducting the fourth and fifth of July from the count. Today's shipment is even better and sets the pace for the cleanups of the future.

TAYLOR'S GOLD PROPERTY AT GOLD MOUNTAIN

Bill Taylor motored to Gold Mountain this afternoon with Jack White and Ed Condy, to look after his interests in the Gold Mountain property in which he has a lease. The ore assays as high as \$150 a ton. Taylor has already shipped four tons of ore and the average price per ton was \$140. The ore content is mostly gold, although some silver is carried.

Steamer Seized On Danube River

(By Associated Press.)
NISH, Serbia, July 28.—Serbian steamers Deligrad and Morava were seized today at Orsova on the Danube by Austrians. The Serbian colors were hauled down and the Austrian flag hoisted. The passengers were detained.
VIENNA, July 28.—By active movements Serbian and Montenegrin troops are in close touch at Pribor, near the frontier of Bosnia.
